Dear Chief Justice Kõve

**CO-OPERATION REGARDING THE USE OF ARTIFICIAL INTELLIGENCE IN THE  
JUDICIAL SYSTEM**

Thank you very much for your letter dated 23 September.

2. I am delighted that you have reached out to us, and I very much look forward to collaborating with your court as we share our experiences in this critically important field. Your court is well known for being at the forefront of many of these issues.

3. We would be very happy to meet with you and to have you visit us to take these discussions forward. I have copied my colleague, Justice Aiden Xu @ Aedit Abdullah who is the Judge in charge of Transformation and Innovation for the Singapore Judiciary. His email is [A\\_ABD@judiciary.gov.sg](mailto:A_ABD@judiciary.gov.sg) and he will be our point of contact for this purpose. May I suggest that you nominate a point of contact who could arrange a discussion with Justice Xu so that we can work this out?

4. Thank you again. I very much look forward to hearing from you.

Yours sincerely
