Subject: Evaluation Study of the Regulation (EU) No 1025/2012 on European standardization

Dear Sir/Madam,

The European Commission is carrying out a **study to support the evaluation of the Regulation (EU) No 1025/2012 on European standardization**. Please note that the study is conducted by an external consortium.

The aim of this study is to provide information and data for the Commission to evaluate to what extent the Regulation has achieved its original objectives in term of relevance, effectiveness, coherence, efficiency, and EU added value.

The external consortium will conduct interviews and targeted surveys to achieve this purpose. These consultations will be a follow up to the public consultation¹ opened by the European Commission on 02 May 2024 and will deal with different questions. All personal information collected will remain confidential when being accessed by the Commission, in line with Regulations (EC) No 45/2001 and (EU) 2016/679 and will be treated for study purposes only.

If you have any questions about the study, please feel free to contact the external consortium led by Intellera Consulting at evaluation_standardisation@intelleraconsulting.com or the relevant services of the European Commission at GROW-H3@ec.europa.eu.

Thank you in advance for your kind cooperation.

Yours sincerely,

(signed electronically)
Sophie MUELLER
