**Letter of Support from the
Ministry of Culture of Estonia**

The Ministry of Culture of Estonia supports the project proposal submitted by the City of Tallinn under the AMIF Special Action AMIF/2026/SA/2.4.2.

We consider the proposal highly relevant for strengthening local integration support for third-country nationals and for improving municipalities' capacity to provide accessible, coordinated and needs-based services.

The planned activities are in line with the objectives of the Cohesive Estonia Development Plan 2021-2030 (Sidusa Eesti arengukava 2021-2030), particularly the objective of increasing the capacity of public, private and civil society organizations to effectively provide services to people whose first language is not Estonian. This includes strengthening the role of local authorities in providing integration and adaptation services, raising their awareness of integration-related challenges, and supporting the development and delivery of effective local integration measures.

We therefore support the submission of this project proposal and recognize its potential contribution to strengthening integration support at the local level.

Yours sincerely,

Eda Silberg
Undersecretary for Cultural Diversity
