Teema: Inquiry Regarding Grilling Regulations on Balconies and Terraces

Manused: image001.png; image002.png

TÄHELEPANU! Tegemist on väljastpoolt asutust saabunud kirjaga. Tundmatu saatja korral palume linke ja faile mitte avada!

Lugupeetud,

Esindame ettevõtet, mis tegeleb grillide müügiga. Soovime saada ametlikku selgitust korterelamute rõdudel ja terrassidel grillimise kohta. Palume täpsustada, kas sellistes kohtades on lubatud kasutada söe-, gaasi- või elektrigrille ning millistel tingimustel.

See teave on meile oluline, et saaksime oma klientidele anda õiget ja usaldusväärset infot kehtivate reeglite kohta.

Palume edastada teave kehtivate nõuete, piirangute ja tuleohutusreeglite kohta.

Ette tänades,

Dear Sir/Madam,

I represent a company engaged in the sale of grills. We would like to request official clarification regarding the regulations on the use of grills on balconies and terraces of apartment buildings. Specifically, we would like to know whether it is permitted to use charcoal, gas, or electric grills in such locations, and under what conditions.

This information is important for us in order to provide correct and reliable guidance to our customers when they ask about the applicable rules.

Could you kindly provide information on the relevant legal requirements, restrictions, and safety guidelines?

Thank you in advance for your assistance.

Su pagarba/Best regards

Daiva Žemaitė-Pretzmann
