Dear Partner,

Continuing a longstanding American commitment to the Baltic region, the Baltic-American Freedom Foundation (BAFF) mission is to deepen the ties between and among Estonia, Latvia, Lithuania, and the United States through programs of education and exchange centering on economic growth and democratic values.

**Particularly would like to highlight Baltic-American Security Exchange program (BASE) with the application deadline approaching – February 1<sup>st</sup>, 2025.** The objective of the Security Exchange is to support national security enhancement efforts by the three Baltic states consistent with the mission of the Baltic American Freedom Foundation and based on an unwavering commitment by the United States of America to Baltic security.

Funded program projects will facilitate the exchange of critical knowledge and establish useful contacts between Baltic and U.S. security experts and make other tangible contributions in Estonia, Latvia, and Lithuania aimed at advancing resilient and stable societies, designed to address appropriate national security concerns.

More on BAFF and our programs you may find [here](#). If interested in BASE program, detailed information on our website, attached document or contacts below.

Sincerely yours,

Ilze Doskina
