### Request To Issue Copyright Registration Certificates (321 Applications)

To Copyright Registrar,

Dear Sir,

We've filed multiple copyright registration applications (approx 321 cases) since April, 2024 to onward on behalf of our organization named as Silsila-e-Muhammadia Ameenia Idreesia.

Thank you for removing the rectification of copyright class errors of Literary class and republication of the copyright cases application numbers from 2024/2460 to 2024/2570 with correct copyright Record work class.

Only one application case still remains to be rectified from record work to Literary work because it's the transcription of audio recording written in the documented form that was erroneously published under the Literary work. The application no of this case is 2024/1902 so please also correct this case class as well.

All of our cases have been published in the copyright journal from May, 2024 to onward but registration certificates are also not received yet even though we've attached an expedited registration request page along with all of the applications to control data infringement according to Copyright Law & Copyright Ordinance 1962.

So far we have only received 200 acknowledgement receipts from IPO Islamabad office that covers record work volume 101-300. First batch submissions acknowledgement receipts of 121 cases are not received yet on our given correspondence address 366-A Shah Rukne Alam Colony, Multan.

The next batch of approx 210 cases is under process that will be submitted in December, 2024 but our organization management is still seriously concerned about the registration certificates of 321 filed copyright cases applications.

Please deliver the copyright registration certificates along with the first 121 cases missing acknowledgement receipts as soon as possible at our following correspondence address.

**Silsilia-e-Muhammadia Ameenia Idreesia**  
**366-A Shah Rukne Alam Colony, Multan**

Thank you for your anticipation!

Best Regards
