Created with a conscience, Quest is a continuation of our partnership with the SEAQUAL INITIATIVE to combat marine plastic pollution. Waste made wonderful, this lightly textured fabric is woven entirely from post-consumer recycled plastic - transforming it into a fabric as fluid as the waves by which it was inspired, and which it seeks to save. With a hopsack weave enhanced by discat-dyed SEAQUAL® YARN, Quest brings a touch of the ocean's natural beauty to commercial interiors.

We actively encourage our furniture customers to sign up to the SEAQUAL INITIATIVE when selling furniture upholstered in Quest. Find out more at www.seaqual.com/register.

Quest meets the ACT voluntary Performance Guidelines and is classified for Heavy Duty Upholstery.
