

# TINGMÄRGID

- The diagram illustrates the utility layout of a building, showing the connection between the building and the external utility network. The building is represented by a blue rectangle labeled 'H'. The external utility network is shown as a series of colored lines and symbols. The connections are as follows:

  - Planeeringuala piir** (Planning boundary): Indicated by a thick black line at the top.
  - katastrüksuse piir** (Cadastral boundary): Indicated by a thin black line below the planning boundary.
  - Kullerkupu tn 36** (Kullerkupu street 36): The address of the building.
  - 50201:001:0313** (Cadastral number): The cadastral number of the building.
  - Pindala: 3927.0 m²** (Area: 3927.0 m²): The area of the building.
  - ol. olev hoone** (Existing building): The building itself, labeled 'H'.
  - ol. olev sõidutee** (Existing road): A grey rectangle representing the road.
  - ol. olev pinnastee, mida asemele on lubatud vajadusel rajada uus juurdepääsutee** (Existing surface road, where a new access road may be built if needed): A green dashed line representing the surface road.
  - ol. olev madalpinge õhuliin** (Existing low-voltage overhead line): A pink line with arrows representing the overhead line.
  - ol. olev madalpinge maakaabelliin** (Existing low-voltage cable line): A red line with arrows representing the cable line.
  - ol. olev sidekaabel** (Existing communication cable): A green line with arrows representing the communication cable.
  - ol. olev veetoru** (Existing water pipe): A blue line with arrows representing the water pipe.
  - ol. olev kanalisatsioonitoru** (Existing sewerage pipe): An orange line with arrows representing the sewerage pipe.
  - ol. olev elektrikilp** (Existing electrical cabinet): A symbol representing the electrical cabinet.
