The Embassy of the Republic of Korea to the Republic of Estonia presents its compliments to the Ministry of Foreign Affairs of the Republic of Estonia and has honor to provide the following information regarding the Korean electronic apostille("e-Apostille") service.

The Government of the Republic of Korea has, since 30 November 2016, implemented an electronic apostille service, which carries the same legal effect as traditional sticker-type apostilles under the Apostille Convention.

In order to facilitate recognition and avoid potential inconvenience arising from unfamiliarity with the electronic format, the Embassy is pleased to provide information on the official Korean e-Apostille website(<https://apostille.go.kr>). This platform offers a tool for verifying both the apostille itself and the authenticity of the underlying public document, as well as enables the immediate online issuance of apostille.

The Embassy would be grateful if the Ministry could kindly circulate this information to the relevant authorities within the Republic of Estonia so as to ensure smooth acceptance of Korean electronic apostille without inadvertent rejection.

For any inquiries or further clarification regarding issuance, or verification methods, the Consular Department of the Embassy of the Republic of Korea in Tallinn remains at your disposal, and may be contacted at +372 6040100 or koremb-est@mofa.go.kr.

The Embassy of the Republic of Korea avails itself of this opportunity to renew to the Ministry of the Foreign Affairs of the Republic of Estonia the assurances of its highest consideration.
