Declaration

This is an occupational qualification certificate downloaded from the Register of Occupational Qualifications and confirmed with the digital stamp of the Estonian Qualifications Authority. To check the validity of the certificate, click on the link to check the validity or scan the QR code. The certificate is valid if, when you click on the check link, you receive a response that the certificate is valid.

NB! If the certificate has not been published by the owner in the Register of Occupational Qualifications, then in the case of such a certificate, you will only receive a message whether the certificate is valid or not, the certificate's data will not be displayed.
