DRAFT DECISION OF THE EEA JOINT COMMITTEE

of [...]

amending Annex XX (Environment) to the EEA Agreement

THE EEA JOINT COMMITTEE,

Having regard to the Agreement on the European Economic Area (“the EEA Agreement”), and in particular Article 98 thereof,

Whereas:

- (1) Regulation (EU) 2023/956 of the European Parliament and of the Council of 10 May 2023 establishing a carbon border adjustment mechanism (the ‘CBAM’)¹ is to be incorporated into the EEA Agreement.
- (2) Regulation (EU) 2025/2083 of the European Parliament and of the Council of 8 October 2025 amending Regulation (EU) 2023/956 as regards simplifying and strengthening the CBAM² is to be incorporated into the EEA Agreement.
- (3) Whereas Regulation (EU) 2023/956 presupposes the use of customs data and systems within the EU Customs Union that are outside the scope of the EEA Agreement, the Contracting Parties recognise the need for the EFTA States to undertake to adapt their national legislation to ensure that the CBAM operates uniformly throughout the European Economic Area.
- (4) For the purposes of applying Regulation (EU) 2023/956 in a homogenous manner across the European Economic Area, the determination of the origin of goods and the classification of goods falling within the scope of Regulation (EU) 2023/956 must be aligned throughout the European Economic Area. In the Union, this is defined in accordance with the non-preferential rules of origin based on Article 59 of Regulation (EU) No 952/2013, and the CN codes in the Combined Nomenclature annexed to Council Regulation (EEC) No 2658/87 on the tariff and statistical nomenclature and on the Common Customs Tariff. The EFTA States shall, when implementing this Regulation in their respective national legislation, adopt corresponding rules that shall be substantively identical to the rules applicable in the Union, ensuring full homogeneity throughout the European Economic Area. The Commission shall notify the EFTA States of any changes to the non-preferential rules of origin, CN codes and additional Taric subdivisions, relevant for determining the scope of Regulation (EU) 2023/956. The EFTA States shall ensure that the non-preferential rules of origin and the classification of goods relevant for the application of Regulation (EU) 2023/956 in their national legislation continuously correspond with the applicable rules within the Union and ensure uniform and simultaneous application. In accordance with Article 109(1) of the EEA Agreement, the EFTA Surveillance Authority monitors the transposition and implementation of Regulation

¹ OJ L 130, 16.5.2023, p. 52.

(EU) 2023/956 in the EFTA States as necessary to ensure uniform application across the European Economic Area.

- (5) Revenues from the sale of CBAM certificates to CBAM declarants established in the EFTA States shall accrue to the EFTA States.
- (6) The Contracting Parties recognise the importance of efficient and automatic information exchange in order to fulfil the obligations under Regulation (EU) 2023/956 and provide for an implementation as foreseen by the Regulation and agree to cooperate on efficient data exchanges. The customs authorities of the EFTA States shall report customs data necessary to fulfil the obligations of Regulation (EU) 2023/956 to the CBAM Registry, in a format identical to the one used by the EU Member States pursuant to Implementing Regulation (EU) 2015/2447 Annex 21-03.
- (7) Directive 2003/87/EC of the European Parliament and of the Council establishing a scheme for greenhouse gas emission allowance trading within the Community was incorporated into the EEA agreement by Decision of the EEA Joint Committee No 146/2007. Article 25 of the Directive, as incorporated into the EEA Agreement in point 21a1 of Annex XX, constitutes the legal basis for the conclusion of agreements referred to in point a of Article 2(6) of Regulation (EU) 2023/956. Recital 17 of Decision of the EEA Joint Committee No 146/2007, concerning the non-discrimination of the EFTA States and their operators, also applies to the application of such agreements under the CBAM Regulation.
- (8) Annex XX to the EEA Agreement should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:
