**Congratulations on Latvian
Independence Day**

Dear Mārtiņš,

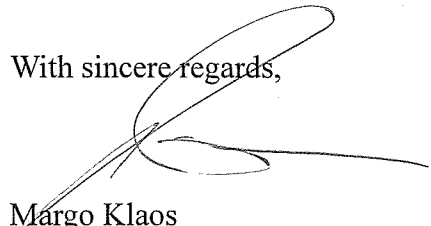

On behalf of the Estonian Rescue Services Agency, I wish to convey our warmest congratulations to the State Fire and Rescue Service of the Republic of Latvia and to your people on the occasion of Independence Day.

This day is an opportunity to celebrate the spirit, determination, and achievements of the Latvian people, who have built and safeguarded a nation defined by resilience, freedom, and shared values. It is a moment to reflect on Latvia's progress and to honour the commitment of its citizens to maintaining a safe, thriving, and democratic society.

We also recognise the important role of the State Fire and Rescue Service of the Republic of Latvia in protecting communities. Our professional cooperation continues to support regional preparedness, and we value the knowledge and experience shared between our organisations.

I hope this Independence Day serves as a meaningful occasion to celebrate Latvia's achievements and inspires continued dedication to the important work of your organisation.

With sincere regards,

Margo Klaos
Director-General
Estonian Rescue Services Agency
