To whom it may concern!

We would like to inform you that MS & E medical services and employments, based in Germany and in Sweden, has commenced operations.

MS & E was founded, among other things, to provide tailor-made medical services, including cross-border services.

Especially for smaller countries, it has become impossible to cover the diverse medical disciplines. Therefore, we offer you our assistance in utilizing our network to find clinical solutions, organize specialist appointments, and/or utilize surgical capacities.

Aachen / Stockholm 4.6.2025

Prof. Dr. med. Frank Löhner
Geschäftsführer/verkställende directör
