Dear Colleagues,

I hope you are doing well!

I'm coming back to you following a request from EMA regarding the label check questionnaires that have been filled in by the samplers for Aripiprazole.

I know it's a long time now that you received the samples, but I wanted to know if you would still have samples left to get scans of the outer packages.

If yes, we would like to receive pictures of the following samples:

Aripiprazole Zentiva – IT _ Sample J

Aripiprazole Sandoz – SE _ sample G

Aripiprazole Sandoz – EL _ sample I

Aripiprazole Mylan pharma – HR _ Sample E

These can be uploaded here: <https://act.edqm.eu/s/SRkiRyfw5pxWDwf>

Many thanks in advance!

Ketty
