**Notes:**

\* Following the deposit of the instrument of accession to the Protocol on Water and Health by Kazakhstan on 5 January 2026, the Protocol will enter into force for Kazakhstan on 5 April 2026. This will entail adjustments to the estimates of possible contributions presented herein.

\*\* As the programme of work of the Protocol on Water and Health covers the period 2026-2028, the scale of assessment has been applied to this entire period. Estimates for 2028 would need to be adjusted when the General Assembly approves the new scale of assessments.
