

Dear partner

We would like to inform you that on 19.12.2024, AS Kodupaber acquired 100% of AS Ristart's shares, and thus AS Ristart became a subsidiary of AS Kodupaber.

Kodupaber currently operates under the single brand AREN. The brands managed by Kodupaber include Neutrogena, Listerine, Ecolatier, Taika, Mossa, Biozell, Sanytol, Diversey, Tork, etc., in addition to the brands in the Ristart portfolio.

We have planned a transition period of 01.02-30.04.2025, during which the merger will take place in terms of systems, warehouses, assortment, contracts and personnel.

Until then, orders, deliveries and invoicing will take place in the usual way.

The first stage of the transition (11.02-17.02.2025) will be the transfer of the Ristart office to the Kodupaber office at Karjavälja tee 10.

You can place orders for Ristart products through the website www.ristart.ee or by calling our sales representatives.

From 01.05.2025 we will continue to operate under the single Kodupaber brand AREN.

If you have any questions, please contact info@aren.ee or +372 680 6000

We hope that the transition will go smoothly.
