Invitation to Techritory Forum 2026

Dear Kristi Talving,

On behalf of the Electronic Communications Office of Latvia, I am pleased to invite the representatives of the Estonian Consumer Protection and Technical Regulatory Authority (TTJA) to attend the Techritory Forum 2026, which will take place in Riga on 21–22 October 2026.

Techritory Forum is a leading international platform that brings together policymakers, regulators, industry leaders, international organisations, and experts to exchange views on secure digital infrastructure, connectivity, emerging technologies, and Europe's digital future.

This year's theme, "Security and Prosperity Through Digitalization and Connectivity," will address a range of topics of direct relevance to the electronic communications sector, including next-generation networks, spectrum policy, digital infrastructure resilience, satellite connectivity, cybersecurity, and Europe's long-term digital competitiveness.

The Forum agenda is available here: <https://www.techritory.com/agenda-2026/>

We would be honoured to welcome representatives of the TTJA to Riga and to further strengthen our cooperation as regional partners. The Electronic Communications Office of Latvia would be pleased to work with your organization to arrange a tailored programme alongside the Forum,

including bilateral meetings, expert exchanges, and introductions to relevant representatives from the public and private sectors.

We would be grateful if you could consider this invitation and let us know whether representatives of your institution would be able to join us in Riga.

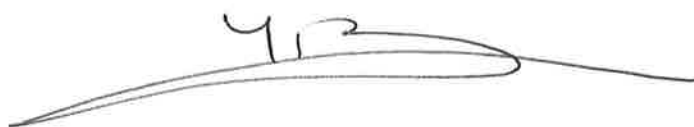

We very much hope to have the opportunity to welcome you to Techritory Forum 2026 and look forward to hearing from you.

Yours sincerely,

Jānis Bārda

Chairman of the Board

Electronic Communications Office of Latvia
