### **EL Talendireserviga liitumise vastuskiri**

Palume Teil edastada Euroopa Komisjoni kirjale EMPL.E.1/BV/hb (2026) 4147622 järgmine vastus:

„Thank you for your invitation to join the EU Talent Pool and for the information provided regarding the development of the platform and the conditions for Member States' participation.

We have reviewed the regulation establishing the Talent Pool and highly appreciate the European Commission's initiative, which contributes to alleviating labour shortages and ensuring fair recruitment across the European Union.

We would like to inform you that Estonia will not join the EU Talent Pool at this stage. We will continue to follow the development of the platform and assess the possibilities for future participation in line with national needs and priorities. We also highly value the flexibility granted to Member States to join the Talent Pool at any time and will inform the Commission of our intention to participate should this change in the future.

We wish to remain informed about discussions related to the development and implementation of the Talent Pool and to participate, where appropriate, as an observer in the platform's design process.

Once again, thank you for your cooperation, and we wish you success in the further development of the Talent Pool.”
