Projektor JVC DLA-NP5

6499 €

The DLA-NP5W D-ILA home theater projector features a 4K120p input to reproduce full 4K-resolution (4096 x 2160 pixels) images.

4K120p input also makes the projector ideal for gaming when combined with Low Latency mode. The projector is driven by three 0.69-inch native 4K D-ILA devices, and 17-element, 15-group all glass lens with 65 mm diameter to project high-resolution images to every

corner of the screen with a brightness as high as 1,900 lumens. Compatible with the latest HDR10+, HLG, and Frame Adapt HDR with

Theater optimizer, the projector is designed to present industry leading HDR performance.

Dimensions: W x H x D, mm 500 x 234 x 495
