TALLINN Pre-Moot

THE HISTORY BEHIND

This year, the team from the University of Tartu commemorates its 20th participation in the Vis Moot. Throughout the years, Team Tartu has produced many alumni who have not only gone on to become successful lawyers and legal professionals but have also become part of Estonia's Vis Moot community. It is now that this vibrant community wants to take another step! The main manpower behind this endeavour is the Estonian Commercial Law Moot Court Association, with the support of the Estonian Law Students' Union and the University of Tartu School of Law.

For us, launching our own Pre-Moot is a logical way of driving the alternative dispute resolution culture forward in Estonia, and we are eager to welcome teams and professionals to our lovely capital city!
