Subject: Towards victory: Plan smarter, act faster, strike harder - Vauban Sessions, 14 & 15 May 2025

Good afternoon,

The Rapid Reaction Corps - France and Forward Global are delighted to invite you to the 7th edition of the Vauban Sessions, **under the patronage and in the presence of the Chief of Staff of the French Land Army, General Pierre Schill:**

**“Towards victory: Plan smarter, act faster, strike harder”
14-15 May 2025**

The geopolitical security situation has continued to worsen in Europe and the rest of the world. The return of high-intensity conflict and technological progress both allow and make necessary a rethink of command centre models, in particular the redistribution between the rear and the front line. This approach protects essential resources while reducing the vulnerability of CPs to attacks. This new edition of the Vauban Sessions will address resilience and strategy, force generation and projection, the balance between hardening and mobility, and the integration of new technologies.

For more information: <https://www.vauban-sessions.org>

The conference will be held at the **Vauban Citadel in Lille**, headquarters of the Rapid Reaction Corps - France. Discussions will be held in English and French with simultaneous interpretation.
