**To whom it concerns**

The Government of the Republic of Estonia and the Government of the Republic of Korea have on 25 June 2001 signed an agreement on cooperation in education, science and culture. Article 7 of this agreement states: "The Parties shall exchange information on and facilitate participation in artistic events and festivals organized in their countries."

Daegu Opera House from South Korea is the main performer of the 2025 Saaremaa Opera Festival. The cooperation between Eesti Kontsert and Daegu Opera House at this festival is in accordance with the aforementioned agreement.

The Saaremaa Opera Festival is one of the main events of the Estonian classical music scene, which brings to Saaremaa high-level performers from all over the world, stimulates tourism, promotes regional development and brings significant economic income to local businesses.

Yours sincerely,

Kristiina Alliksaar  
Secretary General
