Dear Colleagues,

We want to invite you to the next EFA-Round-table in June in Munich.

As part of our main topic "Challenges of Climate Change" the next EFA Round table will focus on **FOREST FIRES**.

The scope of the meeting is to get an overview and best practice/lessons learned from examples in Austria and Australia and to review the newest methods of forest fire fighting.

The second day is dedicated to an **up-date** regarding **Hydrogene and Ammoniak Incidences**.

The agenda of the meeting will be coordinated by our P resident **Wolfgang Schäuble** and our Belgian EFA Vice-President **Gert van Bortel**, **Global Head EmergencyResponse at BASF**

You will find the **agenda** and the **registration form** attached to this e-mail.

The Round-Table takes place in the rooms of the Fire Department Munich-Schwabing.

The meeting starts on **Thursday 27.6.** at 12.30h and ends **Friday 28.6.** at 12.30h.

The conference fee will be 60 Euro (only conference)

The whole package (conference fee, accomodation and common dinner) costs 190 Euro

(If you want to come, but there are budget problems, don't fear to contact us - we look for solutions)

We would be happy to meet you (again) in June in Munich.

Best Regards

Wolfgang Schäuble
EFA President
Chief of the Fire-Brigade Munich

Dr. Norbert Neuhaus
EFA General Secretary

Ps. We would be gratefull, if you could inform us in the next weeks, if yourself or one of your colleagues are basically interested to participate. This would help us to better organize the Round-table.

*The **European Academy of Fire protection (EFA)** is a platform and a network of leading experts interested in fire prevention, rescue services and civil protection from different European countries. In our Round-tables chief executives of Fire Brigades, Civil Protection organisations but also from insurance companies, bum victims*

*foundations, industry and public administration share best practice experiences and discuss new developments.
We are not a lobby-organisation but an independent open forum, a platform. We organize normally 2 Round-
tables a year.
We are organized under German law and recognized as a non-profit organisation.
President is Wolfgang Schäuble (Fire-brigade Munich)
Vice-Presidents are Gert van Bortel (BASF International) and Robert Stocker (Austria)
Honorary chairmen are Ortwin Neuschwander and Albrecht Broemme (former president of THW)*
