

Diagram illustrating the cross-section of a road with a 10% slope. The diagram shows the road surface (maapind) and the ditch (kaevik) on both sides. The road width is 3.0m, and the ditch width is 1.0m. The road surface is 2.2m wide. The vertical axis shows elevations from 98.00 to 105.00. The horizontal axis shows distances from 24701:001:0574 to 24804:001:0020.

Labels in the diagram include: kaevik, maapind, sõidutee, maapind, kaevik, 3,0m, 2,2m, 1,0m, 1,6m, 10% pööre, and the road names Siniallika tee 3a and 14135 Laiuse-Kuremaa tee.

The diagram shows a cross-section of a road project with the following details:

- Vertical Axis:** Elevation in meters, ranging from 97.00 to 104.00.
- Horizontal Axis:** Stationing markers for three locations:
 - Riimani (24804: 001: 3401)
 - 14135 Laiuse-Kuremaa tee (24804: 001: 0020)
 - Kuremaa tee 3 (24804: 001: 0770)
- Ground Profile (Blue Line):** Shows the existing terrain, with a dip in the center reaching approximately 99.5m.
- Proposed Road Profile (Black Line):** Shows the planned road grade, which is mostly flat at approximately 102.0m.
- Infrastructure and Features:**
 - Kõnnitee (Pedestrian Path):** Indicated between Riimani and the center.
 - Sõidutee (Driving Lane):** Indicated in the center section.
 - Maapind (Paved Surface):** Shown as red-outlined rectangles on both sides of the center.
 - Height Markers:**
 - 3.1m: Height of the left paved area.
 - 2.2m: Height of the left pedestrian path.
 - 2.3m: Height of the right paved area.
 - 1.7m: Height of the right pedestrian path.
 - Other Labels:** "kaevik" (ditch) at the far left and right edges, "orient" (orientation) points, "vesi" (water) near the right orientation point, and "Kõ pja" (Kõ pja) near the center orientation point.

Diagram illustrating the cross-section of a road with a 10% longitudinal slope. The road width is 10.0m. The cross-section includes a 2.6m asphalt (maapind) section on the left, a 3.9m asphalt (maapind) section on the right, and a 6m concrete (kõnnitee) section in the center. The road is flanked by 1.0m wide sidewalks (kaevik) on both sides. The vertical axis shows elevations from 96.00 to 103.00. The horizontal axis shows distances from 24701:001:0815 to 24804:001:0800. The road is labeled "14135 Laiuse-Kuremaa tee".

Diagram illustrating the cross-section of a road with a 1.5% longitudinal slope. The road width is 10.7m. The side slopes are 2.4m on the left and 2.0m on the right. The road is flanked by sidewalks (kaevik) and has a 2.0m wide area for a drainage ditch (sõidutee) and a 2.4m wide area for a drainage ditch (sõidutee). The road is flanked by sidewalks (kaevik) and has a 2.0m wide area for a drainage ditch (sõidutee) and a 2.4m wide area for a drainage ditch (sõidutee). The road is flanked by sidewalks (kaevik) and has a 2.0m wide area for a drainage ditch (sõidutee) and a 2.4m wide area for a drainage ditch (sõidutee).

Key dimensions and labels:

- Left side: 2.4m, 2.0m, 2.0m, 2.4m
- Right side: 2.0m, 2.4m
- Center: 10.7m
- Labels: kaevik, sõidutee, orient. eelkõige

Location information:

- Mihkli tn 1, 24804:001:0319
- 14135 Laiuse-Kuremaa tee, 24804:001:0020
- Mihkli tänav L1, 24701:001:0718

The diagram illustrates a cross-section of a road project. The vertical axis represents elevation in meters, ranging from 97.00 to 104.00. The horizontal axis shows the road layout. Key features include:

- Left Side (Pärna tänav):** Elevation 24701:001:0181. A 1.0m wide area is marked as 'kaevik' (ditch).
- Left Lane (maapind):** 5.8m wide. Includes 'orient.' (orientation) and 'elektor' (electrode) markers.
- Center (sõidutee):** The main road section, 2.1m wide.
- Right Lane (maapind):** 5.7m wide. Includes 'orient.' and 'side' markers.
- Right Side (Kuremaa tee 15):** Elevation 24804:001:0072. A 1.0m wide area is marked as 'kaevik' (ditch).

The diagram also shows a blue line representing the ground profile and a red line representing the proposed road layout.

The diagram shows a cross-section of a road project. The vertical axis represents elevation in meters, ranging from 105.00 to 112.00. The horizontal axis represents the road layout. Key features include:

- maapind**: Map sheets or sections, labeled on both sides of the road.
- sõidutee**: The main road or driving path, shown as a yellow line.
- kaevik**: A ditch or drainage channel, shown as a blue line.
- orient. punkt**: An orientation point, marked with a red dot.
- K0 air**: Air quality measurement points, marked with vertical orange lines.
- Kuremaa tee 30**: A road intersection or junction, labeled at the bottom left.
- 24804:001:0175**: A specific location or stationing point, labeled at the bottom left.
- 2480171 Sinialika tee**: A road intersection or junction, labeled at the bottom center.
- 24804:001:0327**: A specific location or stationing point, labeled at the bottom center.
- Kirikumõisa**: A road intersection or junction, labeled at the bottom right.
- 24804:001:0010**: A specific location or stationing point, labeled at the bottom right.

The diagram illustrates a cross-section of a road with a yellow road surface, a blue base, and an orange subgrade. The road is labeled 'Kuremaa tee 2' and 'Meierei tn 2'. The diagram also shows 'K10 pair' and 'K10' labels. The road width is 8.5m, and the height of the road surface is 2.6m. The side sections have a width of 3.4m and a height of 1.7m. The road is labeled 'Kuremaa tee 2' and 'Meierei tn 2'. The diagram also shows 'K10 pair' and 'K10' labels.
