ECDC NORMAL

Dear colleagues,

Hope you are well!

I am writing to follow up on the request below sent by the ECDC Director at the end of February regarding our stakeholder engagement consultation. Only one response for your country is needed.

As close ECDC stakeholders, we would like to kindly ask you to fill it in. We have extended the submission deadline to Wednesday 3 April. You can access the consultation here , and it will take you about 10 minutes to complete. If you would like to contribute but need more time, please let us know.

Furthermore, we highly encourage you to consider taking part in a brief follow-up interview with our contractor for this project, BearingPoint, if you wish to provide further elaboration on your submission or share additional information not previously addressed (this is not a must though). If there are any specific areas you would like further information on or if you require additional guidance on completing the survey, please do not hesitate to reach out to Fleurine Saez, in cc.

We appreciate your participation and eagerly anticipate your responses as they will help us improve the way we work with you and others!

Kind regards,  
Andrea

Stakeholder Consultation Survey

Dear participants,

I hope this email finds you well.

I am reaching out regarding our recent invitation to participate in the ECDC external stakeholder survey. I would like to thank you for taking the time to participate and share your valuable insights with us. Your feedback is instrumental in enhancing the effectiveness and efficiency of ECDC's engagement efforts towards its stakeholders, namely participating organisations such as yours.

As we proceed with the analysis of the incoming responses, we want to ensure that you have all the support you need to complete the survey exercise. If there are any specific areas you would like further information on or if you require additional guidance on completing the survey, please do not hesitate to reach out to Fleurine SAEZ .

Additionally, if you require an extension on the deadline, kindly let us know, and we will try our best to accommodate your request.

Reminder that to access the EU Survey, please use this link: . The deadline for submission is by 23:59 CET March 22, 2024.

We appreciate your ongoing cooperation and look forward to hearing from you.

Dr Andrea Ammon

Consultations - ECDC Stakeholder Engagement Framework

Dear colleagues, associates, collaborators,

I am reaching out to you today with a request for support. We have set about developing a comprehensive ECDC Stakeholder Engagement Framework. As one of the steps, we are organising a round of consultations with selected key stakeholders, to capture insights regarding past and current engagement activities as well as best practices in this area. Given the relevance of your relationship with the Centre, your participation would be highly valuable, aiming to improve the way in which we engage with stakeholders. Participating organisations have the opportunity to influence future engagement approaches with the Center and enhance the effectiveness and efficiency of ECDC's engagement efforts aimed at them.

Please note that this consultation is done separately from the regular ECDC Stakeholder Satisfaction Survey and is different in its approach and scope. The consultation process will include filling in a survey questionnaire involving approximately 20 minutes of effort. It may include an additional 1-hour interview upon your consent to participate.

To access the EU Survey, please use this link: . The deadline for submission is by 23:59 CET March 22, 2024. The standard ECDC privacy notice is provided in the survey.

ECDC is working with consultants from BearingPoint () to help us deliver this project. For further questions, please do not hesitate to contact Signe Rirdance (), Communication Expert, ECDC or Fleurine Saez (), EU Institutions Team, BearingPoint.

Please let us know if you or another representative from your organisation would be available to participate. Your input is extremely valuable, and we highly appreciate if you can allocate some of your scarce time and resources to support us in further developing our way of engaging with you and other stakeholders.

We are looking forward to hearing from you.
