Invitation to the International Military
Technology Conference
(ESTMILTECH2026)

Dear Sir/Madam

We are delighted to invite you to attend the 3rd International Military Technology Conference, which will be held on 14-15 January 2026 in Tallinn, Estonia. The main theme of the conference will be the challenges of technology in military decision-making.

The conference sub-themes include: the future of military decision-making, the role of AI in future conflicts, cognitive warfare with superior adversary, the challenges of joint operations, and cooperation models with academia and industry.

The conference is open to security experts, representatives of defence forces and defence industry, and researchers involved in the development of emerging and dual-use technologies.

The organising committee will look forward to welcoming you and would be grateful if you could confirm your attendance by completing the registration form on the website <https://www.estmil.tech>.

The conference is jointly organised by the Estonian Military Academy, Estonian Ministry of Defence and Tallinn University of Technology.

For any inquiries regarding the conference, please get in touch with Elis Kuusik (elis.kuusik@mil.ee).

Sincerely

Brigadier General Viktor Kalnitski
Commandant of the Estonian Military Academy
