TÄHELEPANU! Tegemist on väljastpoolt asutust saabunud kirjaga. Tundmatu saatja korral palume linke ja faile mitte avada!

Hi Vaiko,

I did but here once again (plus additional info) you find attached the LoS and an example from Romania on their financial aspects / budget.

If you want I can also fill that table for you.

It is planned:

*2-3 participants at the 4 workshops

*3-5 participating in the TTX

*HCP module at the FSX

See attached time line.

It would also be nice if I could receive 1-3 CVs of relevant people involved.

For any further questions I am gladly available.

Best,
Christian
