03.07.2026 No 10-5/738-1

**Public Consultation on the Draft Act on
Amendment of the Media Services Act**

Dear Emilie Anthonis,

Further to our recent discussions and meetings regarding the proposed Act on Amendment of Media Services Act, the Ministry is pleased to submit the enclosed draft for public consultation. The Ministry appreciates the constructive dialogue with representatives of the film industry during the preparation of the draft. The views and expertise shared in the course of these exchanges have contributed to the development of the proposed amendments.

In view of its role as a representative organisation of the film industry, Motion Picture Association is invited to review the draft and provide any comments or observations it may wish to make. Any feedback received by 31 July will be duly considered in the further preparation of the draft legislation.

The Ministry thanks MPA in advance for its participation in this consultation and looks forward to receiving its comments.

Yours sincerely,

Merilin Piipuu
Secretary General
