**Inquiry Regarding Budget
Execution Data – Estonia**

Dear Ms Lansmane,

Budget execution reports are published on the Ministry of Finance's website in the state budget subsection under the topics of budget execution for specific years (in Estonian). For example, the 2023 budget execution overviews are located here:

<https://www.fin.ee/riigi-rahandus-ja-maksud/riigieelarve-ja-eelarvestrateegia/riigieelarved#item-3>

The Excel file contains an overview of the economic content of the state budget execution, which is published monthly.

In the activity-based view, reports are published twice a year. The report for the first half of 2023 in an activity-based view is available in [Tableau Desktop](#).

Yours sincerely,

(signed digitally)
