

Product specification	Product: Microduct connector	Type no: QE5 – QE14																				
Application: End Stop for floating fibre.																						
																						
<table><tr><th>Type no:</th><th>OAD(mm)</th><th>OAL(mm)</th><th>D(mm)</th><th>Weight(g)</th></tr><tr><td>QE 5</td><td>12</td><td>18,56</td><td>5</td><td>1,4</td></tr><tr><td>QE 7</td><td>15</td><td>20,13</td><td>7</td><td>2,4</td></tr><tr><td>QE 14</td><td>21,5</td><td>23,25</td><td>14</td><td>4,6</td></tr></table>			Type no:	OAD(mm)	OAL(mm)	D(mm)	Weight(g)	QE 5	12	18,56	5	1,4	QE 7	15	20,13	7	2,4	QE 14	21,5	23,25	14	4,6
Type no:	OAD(mm)	OAL(mm)	D(mm)	Weight(g)																		
QE 5	12	18,56	5	1,4																		
QE 7	15	20,13	7	2,4																		
QE 14	21,5	23,25	14	4,6																		
Test specification: EN 50411-8-2009. Pull strength >200N. Leak test: 15Bar max leak 1cc/min. Burst pressure test: 25Bar/1min, no damage																						
Material: Polycarbonate, PP, NRB, Stainless Steel		Safety sheet: N/A																				
Temperature range:	Installation: -10°C - +60°C	Operation: -55°C - +85°C																				
Packing: 10pcs/unit		Assembling instruction: N/A																				
Issued: 2011-06-06		Approved: BOF/KS
