To: National Focal Points for Legionnaires disease, Operational Contact Points for Legionnaires disease epidemiology and microbiology
Cc: National Coordinators

Dear ELDSNet network members,

Arrangements for the 2024 ELDSNet annual network meeting are underway !

This year, the annual meeting will be held in Dresden, Germany on 22-23 October 2024. It will be the first face to face meeting for the ELDSNet network since 2019 and will therefore be organised over 1.5 days:

- * 22 October, 9.00-17.00
- * 23 October, 9.00-13.00

ECDC will be sending out the formal meeting invitation by September for nominations by the NFP for Legionnaires disease of two persons per country to attend, with travel, accommodation and per diem covered and arranged by ECDC. Please note the annual ELDSNet meeting is a network business meeting by invitation only. The ELDSNet DNCC members will also have an additional DNCC meeting on 23 October, 14.00-16.00.

Topics for the annual ELDSNet meeting include genomic surveillance, updates in EU surveillance-related legislation, EPIS ELDSNet to EpiPulse TALD platform, knowledge and research gaps on Legionella prevention and control.

Together with the ELDSNet Disease Network Coordination Committee (ELDSNet DNCC) members, we would like to invite ELDSNet members to suggest additional topics and any presentations that you would like to give, for example on a Legionella/LD-related research study, surveillance or microbiology topic, or an outbreak event. Please contact me directly by email with any suggestions.

Please also be informed that the ELDSNet meeting is arranged back-to-back with the separate 8th ESGLI conference meeting being held in Dresden on 24-25 October. Information about the ESGLI meeting, including abstract submissions (open until 19 August) is available at this website: .

Kind regards,
Lara

NB: ELDSNet members can also find information on our dedicated ECDC network extranet : ECON Legionella site at .
