Response to request

Dear Mr Biletsky

Estonian Transport Administration hereby confirms that EstHeliTraining DTO has declared its training activities to Estonian Transport Administration, and we have assigned them an individual DTO reference number EE/DTO/007.

Please be informed that we do not approve training programmes of DTOs. We only verify the compliance of those training programmes with the relevant EU requirements within 6 months from receiving the programmes. We have not yet reviewed the training programmes of EstHeliTraining DTO.

We would also like to bring to your attention that EstHeliTraining DTO could only provide training for renewal of type rating to Ukrainian licence holders provided that there is an agreement between competent authority of Ukraine and EstHeliTraining DTO. Initial type rating training for Ukrainian licence holders is not permitted.

Yours sincerely

(Digitally signed)
