Unmanned aerial vehicles

Dear Mr Semetskovsky and Mr Potuzak,

Estonian Ministry of the Interior appreciates the opportunity to know more about your company's profile and its unmanned aerial vehicles (hereinafter UAV).

At the moment we are in the process of preparing the state aircraft developing vision document for the next 10 years. Taking into account the time taken for the process, we hope the vision document will be accomplished during a next year.

Therefore we are pleased to save your company's profile as a potential supplier for the further procurements.

In our administrative field the aviation is administrated and organized by Police and Border Guard Board. Thus if you have extra materials for the UAVs you are offering, please send them directly to Police and Border Guard Board expert Jaanus Müür (jaanus.myyr@politsei.ee).

Sincerely,

Raino Sepp
Head of Asset Management Department
