Invitation to speak at the 3rd Health Transformation Summit

Dear Minister Joller,

HLTH Europe is delighted to invite you to speak at the 3rd **Health Transformation Summit** on **15-16 June 2026** at the RAI, **Amsterdam**.

The Summit convenes **250 of the world's most senior healthcare policymakers and executives** – Ministers of Health, CEOs of Europe's leading hospitals, regulators and government agencies, and select private sector executives – to share insights, collaborate and explore best practices to chart a path towards **healthcare transformation**.

Speakers at the 2025 Summit included several **Ministers of Health**, the **Deputy Director General of DG Sante at the European Commission**, and the **CEOs of Charite University Hospital Berlin, Karolinska University Hospital, NICE and Gematik**. Attendees included senior representatives from **22 Ministries of Health** including Germany, France, the UK and the Netherlands, the **OECD, WHO and NHS England**.

We believe that your perspective and expertise will form a vital contribution to the Summit's mission to **accelerate healthcare transformation through collaboration between global policymakers, providers, and innovators**.

Participating as a speaker at the Summit offers **complimentary access** for yourself and up to **two senior team members** to both the **Summit** and **HLTH Europe**; the parent event at which the Summit takes place. We also have opportunities for broader Ministry delegations to attend. To confirm your attendance or request further details, please **RSVP at your earliest convenience and by Friday 15 November 2025** to lina@hlth.com.

We look forward to your positive response and the opportunity to collaborate towards a transformative future for healthcare.

Lina Behrens

Head of Strategy & Content, Director of the Health Transformation Summit
