

Diagram illustrating the connection of a power cable to a power supply unit (PSU) using different types of connectors. The PSU is shown on the left with various ports. The cable is shown on the right with different connector types. The connections are labeled with 'X' and 'W' followed by a number.

- Top connection:** A 4-pin Molex connector (labeled 'XW1') is plugged into the PSU's 4-pin Molex port.
- Middle connection:** A SATA power connector (labeled 'XW1') is plugged into the PSU's SATA power port.
- Bottom connection:** A SATA power connector (labeled 'XW1') is plugged into the PSU's SATA power port.

Labels for the connectors and ports:

- Top connector:** XW1
- Middle connector:** XW1
- Bottom connector:** XW1
- Top port:** 4-pin Molex
- Middle port:** SATA power
- Bottom port:** SATA power

— K11 — Projekteeritud kinnistu kanalisatsioonitorustik
— K21 — Projekteeritud kinnistu sademeveetorustik
— V11 — Projekteeritud kinnistu veetorustik

VI	Olemasolev veetorustik
	Olemasolev kanalisatsioon
SK	Olemasolev sademeveekanalisatsioon
D	Olemasolev drenaažitorustik
	Olemasolev gaasitorustik
	Olemasolev sidekanalisatsioon
	Olemasolev sidekaabel
	Olemasolev madalpinge õhuliin
	Olemasolev madalpingekaabel
	Olemasolev kõrgepingekaabel
