## Letter of Thanks

November 2024

Your Excellency,

as I prepare to conclude my tenure as Minister of Finance, I want to take this opportunity to express my heartfelt appreciation for the good relationship and friendship we have developed over the years. It has been a true privilege to work closely with you, united in the vision of building a strong, resilient, and cohesive European Union.

Reflecting on our collaboration, I am grateful for the challenges we tackled together, and the meaningful exchanges of ideas that consistently enriched our work. The constructive spirit and dedication that you brought to our shared goals have left a lasting impact on me, as well as on the wider community we serve. Together, we have taken significant steps forward, strengthening the foundations for the future.

Thank you once again for the trust and openness that characterized our work. I will look back on our partnership with genuine appreciation and wish you ongoing success, satisfaction, and every personal and professional happiness in the years to come.

Yours sincerely,
