**Ms
Heidy Purga**
Minister of Culture
Estonia

Dear Ms Purga,

in January 2025 Poland has started the presidency of the Council of the European Union. We perceive it as the opportunity to support activities strengthening European security in several dimensions: external, internal, information, economic, energy, food, and health.

We also set ourselves ambitious goals in the field of media and culture. Our focus will be on supporting young artists and creators starting their professional career as well as on the assessment of legal framework for services providing audiovisual content.

I would be honored to host you in the informal EU culture ministers' meeting on 7-8 April 2025 in Warsaw. On this occasion I would like to facilitate the debate on supporting young artists and creators starting their professional career and on safeguarding heritage – both tangible and intangible – against human-made disasters, in all probability also with the Ukrainian angle.

Closer to the date of the above mentioned meeting you will receive a direct link for the registration.

Looking forward to meeting you in Warsaw,

Yours sincerely,

Hanna Wróblewska
