BETREFF **„Digital Administration and Cyber Security“ at the German Federal University of Applied Administrative Sciences**
HIER Visit request

Dear Sir or Madam, Dear Mr. Espenberg,

we are writing on behalf of a group of government officials studying at the Federal University of Applied Administrative Sciences in Brühl/Germany. In our major "Digital Administration and Cyber Security ", we are prepared to work in different governmental agencies.

From September 9th until September 13th, 2024, a group of 11 students, accompanied by one professor, will be travelling to Tallinn for a week-long field trip.

We are keenly interested in visiting the Naval Training Establishment Miinisadama 4 to gain insights into the strategies and innovative work being performed in the field of information technology.

Furthermore, we are passionate about advancing our knowledge and skills in IT and learning about the technological advancements and digital systems employed at your agency.

We would greatly benefit from the opportunity to visit your facilities, interact with your team, and possibly engage in a brief discussion.

We believe that observing the practical applications and cutting-edge research conducted at your esteemed institution will greatly enhance our educational experience and allow us to form international connections.

Please let us know if such a visit is possible.

SEITE 2 VON 2 For further questions, we are at your disposal.

Thank you for your attention and your kind cooperation.
Sincerely,

Alessandro Schubert
Anmaar Mahmood
