Dantzig commemoration day is an annual event that draws together the French and international Chiefs Engineers and Battalion Commanders, it is also a unique occasion to organize a forum with industrial partners focused on the issues and equipment of the Engineering Corps.

The programme will include:

  - Inauguration of an exhibition in the French Engineer Museum focused on the history of mines.
  - Welcome cocktail.
- Thursday 13 June:
  - Conference about Combat Engineering.
  - Engineering Innovation Award.
  - Forum with industrial partners.
  - Parade with representatives of all FR Engr Regts.

This event is organized by the Doctrine and Policy Branch, commanded by Colonel Jean-Charles CAMPS. The project officer and main contact is Lieutenant Colonel Jean-Luc RASSEMUSSE ( [jean-luc.rassemusse@intradef.gouv.fr](mailto:jean-luc.rassemusse@intradef.gouv.fr) ).
