

National Survey #27 Image of Veterans in Ukrainian Society

Methodology

- Audience: the population of Ukraine aged 18 and older in all regions, except for the temporarily occupied territories of Crimea and Donbas, as well as territories where there was no Ukrainian mobile connection at the time of the survey. The results were weighted using current data from the State Statistics Service of Ukraine.
- The sample is representative in terms of age, gender, and settlement type.
- Sample population: **1000 respondents**
- Survey method: CATI (Computer Assisted Telephone Interviews). Based on a random sample of mobile phone numbers
- The margin of error of the study with a confidence probability of 0.95: **does not exceed 3.1%.**
- o Dates : March 2-5, 2025
- The survey was conducted on the initiative of the "Ukrainian Veteran Fund" of the Ministry of Veterans Affairs of Ukraine
- Funded by the Sociological Group "Rating"
