№ 35/p/94-24 від 12.02. 2024р.

Dear Mr. Kajak,

At the beginning of my letter, let me hereby express my highest respect, and taking the opportunity to appeal with the following.

In the context of implementation of the principles of integrity, transparency and accountability in decision-making on public policy formation Ukrainian government authorities implement the State Anti-Corruption Program for 2023-2025, approved by Resolution of the Cabinet of Ministers of Ukraine as of March 4, 2023 No. 220.

In the framework of the mentioned program the Center for Adaptation of the Civil Service to the Standards of the European Union is engaged in the preparation of an analytical study on implementation of efficient policy analysis process.

Given the crucial importance of sharing experience and ensuring a high level of effectiveness of anti-corruption measures, we are writing to you with a request for cooperation through the exchange of reports, materials and best practices in the field of anti-corruption.

In this regard, we kindly ask you to provide information materials on best practices and experience in the following areas:

- requirements for structure and content of analytical documents of government institutions;
- practices of government institutions regarding consultations with stakeholders.

We would be grateful for any information you provide and look forward for cooperation in this area.

Taking the opportunity, let me extend assurances of my deepest respect and high consideration.

Sincerely yours,

**Maryna Kanavets,
Director of the Center for Adaptation of
the Civil Service to the Standards of the
European Union**
