Subject: National Day of Estonia - 24 February 2026

Madam,

It gives me, on behalf of the Telecommunication Development Bureau (BDT) of the International Telecommunication Union (ITU), great pleasure to convey to you and to the government and the people of Estonia our greetings and felicitations on the occasion of your National Day observed on 24 February.

The Government of Estonia continues to contribute to our work on digital development which has benefited millions of people across the globe. I am confident that our cooperation and partnership will further strengthen in the years ahead to our mutual benefit.

My office in Geneva and the ITU Office for Europe, will continue to work closely with Estonia in advancing sustainable digital transformation and meaningful connectivity so that every community and every individual may have affordable access to information and communication technologies for socio-economic development.

Please accept, Excellency, the assurances of my highest consideration and good wishes for your personal health and wellbeing, as well as for the progress and prosperity of the friendly people of Estonia.
