30 June 2026

**Contributions to the budget of the
International Labour Organization for 2027**

Dear Sir/Madam,

At its 113th Session (June 2025), the International Labour Conference adopted a scale of assessments for Member States' contributions to the income budget of the International Labour Organization for 2026-27 and approved the income and expenditure budget of the International Labour Organization for the 80th financial period (2026-27).

The statement of contributions due from Member States for 2027 is contained in the Appendix of the Report of the Finance Committee of the 114th Session of the Conference, available in Record of Proceedings 2 on the Conference website ([ILC.114/Record No. 2](#)).

As shown in the Appendix, your Government's net contribution for 2027, due and payable on 1 January 2027 in conformity with article 10 of the Financial Regulations, amounts to:

162 215 Swiss francs.

I sincerely appreciate the fact that your Government has already paid its 2026 contribution in full. This timely action on your part and on the part of a number of other governments has greatly helped the financing of the approved programme of the Organization during the current financial period. May I express the hope that your Government will also pay its 2027 contribution promptly, thus reaffirming its support for the programme and aims of the Organization.

Official invoice

In accordance with article 10(2) of the ILO Financial Regulations, this communication constitutes the official invoice for your Government's assessed contribution(s). No additional billing document will be issued.
