Dear all

IEDO CONF is the world emergency robotic IEDO conference. All first responders are invited to participate: firefighters, police officers, volunteers from search and rescue associations, coast guards, customs officers, etc.

This conference is a unique opportunity to bring together all the actors and specialists in the field of emergency drone & robotics. Exchange experiences, learn from each other, build your network and prospect new products in the drone market

IEDO CONF 2024 is the ideal place to meet other experts and specialists from the world of public safety. Let's talk about safety, let's talk about data, new technologies, tomorrow's regulatory challenges, is unmanned traffic management really that far away? Is Artificial Intelligence ready today for the emergency services?

Check the website and register for the event:

- <https://www.iedoconference.org/>
- <https://ctif.org/events/register-world-emergency-robotic-conference-iedo-conf-2024-paris-december>

Best regards.
