May 1, 2025

Dear Minister Pakosta,

It is my pleasure to invite you to speak at a high-level, invitation-only convening of transatlantic leaders and decision-makers in Brussels, Belgium as part of the **Center for European Policy Analysis's (CEPA)** exclusive flagship convening in Europe, the **CEPA Europe Tech & Security Conference on June 5, 2025**.

The **CEPA Europe Tech & Security Conference**, a half-day conference, will bring together world leaders, policymakers, innovators, and experts to discuss the most pressing tech and security policy challenges for Europe and the United States. Commemorating CEPA's 20th anniversary, this conference will examine the intersections of technology, trade, and security, including technology supply chains, EU-US approaches to the China challenge, and the role of technology and innovation in allied defense.

Keynote speakers at previous CEPA high-level engagements include heads of state, CEOs, and global impact-makers including former NATO Secretary General **Jens Stoltenberg**, US European Commander General **Christopher G. Cavoli**, High Representative and Vice President **Kaja Kallas**, Moldovan President **Maia Sandu**, US Senate Minority Leader **Mitch McConnell**, US Senators **Jeanne Shaheen** and **Roger Wicker**, Founder of World Central Kitchen **José Andrés**, Founder and CEO of NVIDIA **Jensen Huang**, and former CEO and Chairman of Google **Eric Schmidt**, among others.

It would be an honor for me, and for my CEPA colleagues, to recognize and celebrate your leadership and vision. Should you have any questions, please reach out to me or my colleague Eduardo Castellet Nogués (Eduardo.castelletnogues@cepa.org).

I sincerely hope that you will be able to take advantage of this opportunity.

Sincerely,

Dr. Alina Polyakova
President and CEO
Center for European Policy Analysis (CEPA)
