Hello Merike

CLP System AB have for several years received request for Quotes of items from the Police and border guard and to be able to answer this, with sometimes items that are form US that demands a licens.
Before CLP have acknowledged that we have sold and delivered items to the Police and border guard and they are not resold.

Now They demand that the End-user is acknowledge the conditions on the license. (that the items that you ask/ for quotes and are delivered are not being resold/ used by un).

You are not binding to buy anything.

Only IF you buy items from Us that is supplied by Sirchie, that is under export control, that is not resold again by you.

This will be valid until Aug 31, 2028

Med vänlig hälsning / Best regards
Andreas Engblom

Hello!

I am the purchasing manager of criminalistics tools of the Police and Border Guard Board.
And I received your letter regarding the export confirmation request.

Please specify what confirmation you are asking for and why you need it?

We currently have signed contracts for the purchase of forensic equipment until September 2026.

Best Regards
