

Future of Work in the Age of AI

A European Forum

March 16,
2026

Riga, Latvia
Hanzas Perons

Europe's workforce is evolving fast. Artificial intelligence, demographic shifts, and geopolitical changes are transforming how Europeans learn and work.

The "Future of Work in the Age of AI" brings together leaders from government, business, academia, and civil society to work together and shape practical solutions to empower Europe's workforce.
