Subject: Request for Quotation: Tachograph reader

Hello

The Police and Border Guard Board requests a quotation for tachograph reader.

Technical specifications of the requested product:

- digital tachograph downloader, supports driver cards and V2 smart tachographs;
- compatible with G2v2 driver cards and second-generation smart tachograph units;
- supports downloading of S-files, including the last 168 hours of speed data and 4Hz detailed information;
- internal memory: approximately 160 000 driver card reads or 20 000 tachograph unit reads;
- powered from the tachograph or via USB;
- plug-and-play USB mass-storage device, allows easy data transfer;
- must be compatible with the TachnoScan software or data reading;
- user manual in Estonian and/or English.

Reference product: TachnoReader Basic.

We are requesting the specified or an equivalent product.

Estimated quantity: **12 units**.

Quotation must include:

1. Product name with description, product datasheet or link to the official webpage, allowing verification of compliance with the required specifications.
2. Total net price (excluding VAT) for the order, including delivery by the supplier to the buyer's address in Tallinn, Estonia.
3. Estimated delivery time.

Please submit your quotation by **20.05.2026 at 13:00** to merily.saar@politsei.ee.

Late quotations will not be accepted.

Only quotations meeting all requirements will be considered. The lowest price will determine the successful supplier.

In case of equal prices, a draw may be organized, potentially virtually.

Suppliers may request clarifications via e-mail. All questions and answers will be shared with all invited suppliers.

Suppliers must indicate confidential business information, with justification. Prices cannot be marked as confidential.

The order will be paid by the Police and Border Guard Board. The invoice must be submitted after the product has been issued. Payment will be made within 21 calendar days from receipt of a proper invoice.

Best regards,

Merily Saar
