Sandra Sarav,
Deputy Secretary General,
Ministry of Economic Affairs and Communications,
Republic of Estonia.

11 December 2024

Dear Sandra,

Global Government Forum's Innovation

While we haven't formally met I know from both our former Minister, Alex Burghart from his engagement how incredible some of your work has been in the e-residency and digital development space. I was sad to have to miss the Tallinn Digital Summit (TDS) fantastically hosted by yourself. I know you have a great amount to offer to the innovation and digital community and as such I'd like to invite you to an event in early 2025.

The UK government works with the Global Government Forum (GGF) every year to host a highly prominent event for international digital leaders. CIOs and CDOs from around the world will be coming together to build relationships and help shape the future of digital government.

We would love to have the honour of welcoming you to London for this conference on 25-26 March. We also have a VIP reception on 24 March and would be more than happy to facilitate wider bilateral discussions you might wish to have while in London.

The GGF would specifically like to ask you to speak on a panel titled: "From Innovation labs to incubator units: greetings space for experimentation in government."

Please do confirm to us and Anne.Simonsen@globalgovernmentforum.com if you would like to attend.

Yours Sincerely,
