Dear Vladimir Vossokski,

Thank you for your interest in a cultura exchange in Jazz with Liechtenstein.

In our Jazztrio "TRIMOLON Jazzscapes" we discussed this great possibility to come to Estonia somewhen between October 2024 and April 2025 to play at the Jazz Time Fest & Club, in workshops and performances.

Our Trio exists since 2016 in this constellation, recorded three albums and play more than hunderd concerts in Germany, Switzerland, Austria, Italy and Liechtenstein.

With the Kultur-Traverse we have a partner organisation in Liechtenstein which has the expertise in EEA Grants participation, so the handling with all the details can be easier for us.

It would be a pleasure for us to come. I don't know how and when a return visit of a estonian Jazz formation in Liechtenstein could be realized, but with all the helping hands here in Liechtenstein I'm quite optimistic in turn of that.

How can we proceed further on?

Best regards,

Stefan Frommelt
